# THE LIONESSES!

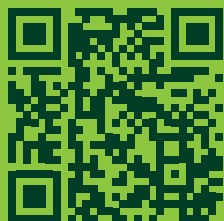

## WELCOME TO YOUR GREENE KING SPORT LIONESSES CHANT BOOK.

This is the ultimate book of chants to ramp up the atmosphere this summer and take our support for the Lionesses to the next level. We've created a host of new chants for both the team and its players, but we also urge fans to create their own chants and share them. The more noise the better!

Our research has found that the nation wants more atmosphere in pubs to support women's sport, we're here to make that happen.

From page, to pub, to pitchside....

Let's sing our heart out for the Lionesses.
